

There is over
1400 tonnes
of plastic in the Mediterranean.

The plastic tide is rapidly turning our sea into the **largest landfill sites in the world**. During the tourist season the number of people contributing to plastic waste is almost **multiplied six times**.

It's time to make a change.

START SAILING GREEN.

Get Your Free Flag

To start the conversation and fly your own Green Sail flag, head to our website (www.green-sail.com/green-sail-flags) and register to join the movement.

Show your registration confirmation to your yacht provider upon check-out and they will give you a flag to fly on your own vessel!*

***Flags are only available to those checking in/out of the same Marina.**

About Green Sail

At Green Sail we are passionate about raising awareness of environmental policies in Croatia and we think you should be as well.

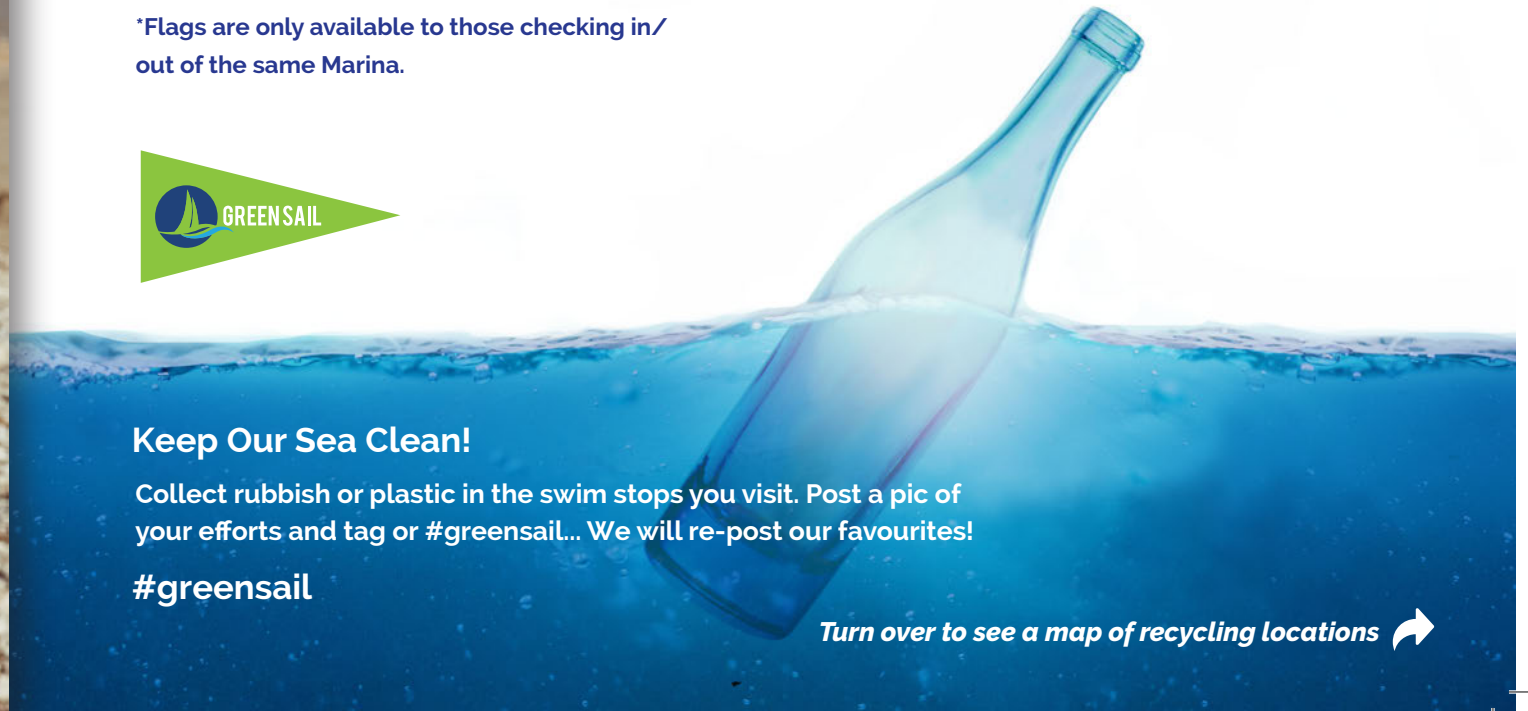

Sail Responsibly by keeping the deck rubbish free, separating your waste on-board, using ablution blocks in marinas for all washing and toilets, dispose black water tanks responsibly.

Keep Our Sea Clean!

Collect rubbish or plastic in the swim stops you visit. Post a pic of your efforts and tag or #greensail... We will re-post our favourites!

#greensail
