

GREENSAIL

SUSTAINABILITY AWARD

Dear partner,

We would like to continue to recognize and reward those that share our commitment for the protection of the Adriatic Sea. In order to achieve this, we are proud to announce the launch of the Green Sail Sustainability Awards; a competition for the best environmentally sustainable charter initiatives.

Applications submitted for the Sustainability Awards will need to adhere to the following rules:

- The applicant must be a Green Sail partner
- The project must have been introduced in 2018 or 2019
- Projects should be at a stage where they are able to sufficiently demonstrate success
- Each entry must be submitted in Croatian or English
- Applications will only be accepted if the application form is fully completed and evidence submitted
- Entrants are encouraged to submit any additional materials allowed for media promotion
- Projects can include activities undertaken within an office, sailing or guest program

Evaluation Process:

The Sustainability Awards Committee will evaluate all submissions based on the following criteria:

- 40%: outstanding achievement in environmental protection;
- 40%: contributing significantly to the sustainable development of the company;
- 20%: the long-term project outcome

The successful application will showcase environmental protection and sustainability.

To apply, simply fill out [this form](#).

Proposals should be submitted no later than the 1st of July, with the winner being announced during the Green Sail Regatta in October 2019.

The winner of the Green Sail Sustainability Awards will receive:

- Major prize - to be announced shortly
- Recognition and promotion at the Green Sail Regatta, to be attended by Green Sail charter/marina partners, media, sponsors, volunteers, special guests and other associates
- A short video promoting the Charter Company and initiative (filming and editing included)
- Media exposure
- Promotion through Green Sail's social platforms (Facebook, Instagram and website)
